ARRA EXHIBIT A
(Standard Agreement)

SCOPE OF WORK: AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

ARRA PROVISIONS

1. The Community Services Block Grant has been established, funded and administered under the provisions of the American Recovery and Reinvestment Act of 2009 ("ARRA"), and is subject to the guidance, directives and applicable laws and regulations of the Federal Government and the State of California. The parties recognize and agree to the following underlying principles, which shall form the framework for implementation of ARRA and the subject program.

WHEREAS:

- ARRA is a comprehensive, yet targeted, response of the Federal Government to the severe and adverse economic conditions prevailing in the United States of America;
- These conditions require urgent and immediate action by and among many segments of society and the national economy;
- ARRA and the subject program are intended to stimulate economic activity and job growth in the communities served by the parties; and
- The Office of Management and Budget (OMB) considers all Federal programs with ARRA expenditures to be "high risk" due to the new transparency and accountability requirements; and
- The urgency of the economic conditions is such that some of the requirements and elements of the subject program have not been fully elaborated by the Federal Government and, as a consequence, the needed enabling measures and actions by the State of California are in preliminary form;

IT IS THEREFORE AGREED:

- A. That the parties shall be guided by and subject to the provisions of ARRA, ARRA-related legislation, and all Federal and State regulations, directives, guidance and circulars issued for the purpose of implementing the ARRA program (hereinafter "ARRA Obligations");
- B. Because some requirements of the ARRA program lack specificity, particularly with regard to, but not limited to, reporting requirements, funding allocations, timeframes and the like, CSD shall provide Contractor with specific ARRA requirements as they are issued or are otherwise made available to CSD by the Federal and State Government, which requirements shall be binding on the

ARRA EXHIBIT A
(Standard Agreement)

Contractor as a condition of the Contractor's participation in the ARRA program, and as a condition of receipt of funds under the program, PROVIDED:

- 1) That such additional requirements shall be issued by CSD in writing in the form of "ARRA program guidance, bulletins and/or directives;"
 - 2) That such additional requirements shall be issued by CSD in most timely and expeditious manner practicable;
 - 3) That such additional requirements shall be reasonably necessary to satisfy the Contractor's and CSD's ARRA Obligations and to realize the purposes of ARRA;
 - 4) That major and material changes in the ARRA program and/or ARRA requirements which substantially affect the Contractor's and/or CSD's ability to fulfill their ARRA Obligations or otherwise serve to create a substantial hardship on either the Contractor or CSD shall be subject to an amendment to this Agreement;
 - 5) That the parties' failure to execute a mutually acceptable amendment, as contemplated in subparagraph B., 4) above, in a reasonable period of time, given the exigencies of the ARRA program, shall result in this Agreement's being without force and effect subject only to such provisions contained herein as are intended to survive the Agreement in accordance with the express and implied provisions of applicable Federal and State law; and
 - 6) That upon CSD's good faith determination, delivered to the Contractor by written notice, that Agreement between the parties to any necessary amendment as contemplated in subparagraph B., 4) above, cannot be achieved, then this Agreement shall be "closed out" and the funds disposed in accordance with established CSD procedure and policy and as required under Federal and State law.
- C. That the Contractor shall, in accordance with such governing laws, charter, articles, bylaws, ordinances, rules and procedures as are applicable to the Contractor, issue resolutions for the approval of this Agreement which may address the unique nature of ARRA program requirements and ARRA Obligations and which may create provisional or conditional authorizations or approvals that are subject to further elaboration and/or determination as contemplated in subsection B. above., to include, but not limited to grant amounts, and such other provisions which may, during the term of this Agreement, be altered or adjusted as a result of actions by the Federal and State Governments in accordance with ARRA and ARRA Obligations. Should the

**ARRA EXHIBIT A
(Standard Agreement)**

Contractor be obligated under its own procedure to amend or reissue such resolutions as are contemplated herein, it shall provide a copy of such resolution to CSD as soon as is practicable.

- D. That for purposes of ensuring full compliance with ARRA and ARRA Obligations, CSD may initiate special audits, monitoring visits and requests for ARRA program-related information, which Contractor shall provide and/or accommodate in a timely fashion.
- E. That Contractor shall, to the extent practical and feasible, include in all informational materials made available to the general public, including but not limited to newsletters, bulletins, fliers, advertisements, forms and signs, the following phrase: "This project, program or service is funded in whole or in part by the American Recovery and Reinvestment Act of 2009 in cooperation with the California Department of Community Services and Development."

2. PURPOSE

Contractor agrees to provide services and activities to advance self sufficiency and reduce economic dependency in accordance with the federal provisions of Public Law 105-285, Title II – Community Services Block Grant Program, Subtitle B – Community Services Block Grant Program of the Community Services Block Grant Act/American Recovery and Reinvestment Act 2009 to eligible beneficiaries residing in Contractor's Service Area described in Exhibit A, Section 4.

- A. Contractor is prohibited from using ARRA funds for lobbying purposes and activities as provided in standard Exhibit E, paragraph. 6. E. of this agreement.
- B. Contractor may use ARRA funds to support outreach activities in connection with Contractor's ARRA Department of Energy (DOE) Weatherization (WX) and DOE Weatherization Assistance Program (DOE WAP) for low income purposes, if any, but is prohibited from expending ARRA funds to pay for administrative costs or labor, construction or material costs associated with those programs.

3. ORDER OF PRECEDENCE

In the event of any inconsistency among any provisions of this Agreement, the American Recovery and Reinvestment Act of 2009, Public Law 111-5 shall take precedence over the non-ARRA Exhibits A through E.

**ARRA EXHIBIT A
(Standard Agreement)**

4. SEPARATE ACCOUNTING

Grantees must segregate the obligations and expenditures related to funding under the Recovery Act. Financial and accounting systems should be revised as necessary to segregate, track and maintain these funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects. Recovery Act funds can be used in conjunction with other funding sources as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and OMB Guidance.

4. SUBCONTRACTING

- A. Contractor is charged with responsibility of ensuring that the strategic objectives, including the transparency and accountability requirements of ARRA, are met with respect to all subcontracts executed in furtherance of this agreement and of the ARRA CSBG program. Accordingly, Contractor's ARRA-related subcontracts shall incorporate the essential provisions, duties and obligations set forth herein and Contractor shall ensure that subcontractors' performance is fully compliant with this agreement.
- B. In order to effect the purpose and intent of subsection A, above, Contractor shall:
 - 1) submit to CSD within 30 calendar days of execution of each ARRA subcontractor agreement the name of the subcontractor, its address, telephone number, contact person, ARRA contract amount, ARRA project name, ARRA project description, expected outcomes, projected number of jobs to be created, projected number of jobs to be retained and a brief description of the types of jobs to be created and retained.
 - 2) monitor subcontractor performance to ensure compliance;
 - 3) assess risk of failure of compliance and take steps necessary to mitigate such risk;
 - 4) develop monitoring tools and schedules and conduct evaluations in order to effect the purposes of subsections 2) and 3) above;
 - 5) direct subcontractors to register in Central Contractor Registration (CCR) and obtain a Dun and Bradstreet Universal Numbering System (DUNS) number; and
 - 6) provide CSD with copies of monitoring tools and monitoring schedules, subcontractors' CCR and DUNS number, as well as risk assessment plans and evaluation reports developed by Contractor.

ARRA EXHIBIT A
(Standard Agreement)

- C. Contractor agrees to separately identify to each subcontractor and to document at the time of subaward and at the time of disbursement of funds, the Federal award number, Catalog of Federal Domestic Assistance number, and amount of ARRA Funds. When a Contractor awards ARRA funds for an existing program, the information furnished to subcontractor shall distinguish the subawards of ARRA funds from regular subawards under the existing program.
- D. Contractor agrees to require its subcontractor to include on its Schedule of Expenditures of Federal Awards (SEFA) information to specifically identify ARRA funding similar to the requirements for the recipient SEFA. This information is needed to allow CSD to properly monitor subcontractor expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office.
- E. All subcontracts, procurement agreements and the like entered into under the CSBG ARRA program shall be subject to the competitive bid process as required under OMB guidelines and as provided in standard Exhibit E, 2, "Procurement" of this agreement, except however, the minimum threshold qualifying amount specified in Exhibit E 2 shall be \$500 rather than \$5,000, in conformance with the great accountability requirements of ARRA. In the event Contractor is unable to comply with the competitive bid process, justification for a Non-Competitively Bid (NCB) Contract must be submitted to CSD for pre-approval. Justification shall include adequate responses to the following questions and requests for information:
- 1) Why is the acquisition restricted to this good/ service/ supplier?
 - 2) Provide the background of events leading to this acquisition or contract.
 - 3) Describe the uniqueness of the acquisition (why was the good/ service/ supplier chosen?)
 - 4) What are the consequences of not purchasing the good/ service or contracting with the proposed supplier?
 - 5) What market research was conducted to substantiate NCB, including evaluation of other items or services considered?
 - 6) How was the price offered determined to be fair and reasonable?
 - 7) Describe any cost savings realized or costs avoided by acquiring the goods/ service from this supplier.
 - 8) Why is the submission of a NCB necessary and what are the determining factors that caused the problem?
 - 9) What are the consequences of not having the NCB approved?
 - 10) How will Contractor ensure adequate planning to prevent submittal of NCB's for goods or services that should have been competitively bid?

ARRA EXHIBIT A
(Standard Agreement)

- F. Given the high standards and expectations for transparency and accountability under ARRA and the strong emphasis on reducing the incidence of waste, fraud and abuse, CSD has provided Contractor with more detailed guidance on subcontract management, with particular attention given to risk assessment and subcontractor monitoring. This information is available on the CSD website at www.csd.ca.gov, under the title "ARRA Program Guidance." To comply with the provisions of this paragraph, Contractor is highly encouraged to consult the guidance and to follow the guidelines set out therein.

ARRA/CSBG NPI Programs Report (CSD 901)

CSBG ARRA NPI PROGRAMS REPORT INSTRUCTIONS

Background:

The CSD 901 (new) report form is used as a Contract form and Quarterly Progress report. This form is used to establish projections and goals over a 15 months period. The Progress Report will capture the agency's success in accomplishing the goals. The goals and National Performance Indicators (NPI) used in the CSD 901 form are National Goals and Indicators, which CSD is required to annually report to the U.S Health and Human Services Agency (HHS), Office of Community Services (OCS), and the National Association of Community Service Programs (NASPCSP).

There are six OCS Goals which CSD is required to track and report outcomes to NASPCSP and OCS. Under each goal are the NPI's that capture outcomes, which contribute to the accomplishment of the OCS goals. The CSD 901 consists of OCS Goals and under each goal is a list of indicators, which pertain to the goals.

Completing the NPI form:

This report is created in an Excel template and designed to be completed on the PC using Excel. Please download the template at www.csd.ca.gov under "CSD Contractors">CSBG>Resources" The form can then be saved to your PC hard drive and completed. The CSD 901 is one (1) workbook, that consist of seventeen (17) worksheets. At the bottom of the excel screen will be tabs labeled for each goal (1-6) as well as instructions.

Program Activities and Delivery Strategies: Enter all of the planned activities and delivery strategies necessary to achieve the National Performance Indicators. Include a description of services along with a brief explanation of how those services will be delivered.

National Performance Indicators: The 17 NPI's are about community action, not just the Community Services Block Grant. Outcomes should be counted and reported from all relevant community action programs and activities. Reference the National Performance Indicator Instruction Manual for detailed information, updated (May 2009) and is available on the first tab in the workbook labeled NPI Instruction Manual and at www.csd.ca.gov under "CSD Contractors">CSBG>Resources".

- o Only the first column (1) should be completed for the contract

SUPPLEMENTAL AUDIT GUIDE

Introduction

The purpose of this 2009 Supplemental Audit Guide is to provide further instructions for the independent auditor and/or CPA firms that perform audits of agencies that contract with the California Department of Community Services and Development (CSD) to deliver programs. As specified in each program contract, all independent auditors and CPA firms must follow this Supplemental Audit Guide if the Contractor being audited is funded totally or in part by CSD contracts. This guide is not intended to be an auditing procedures manual but rather to further instruct the independent auditor and CPA firm in testing certain costs identified by CSD as needing more detailed disclosure.

The primary focus of this guide is auditing and reporting on specific items of costs funded by CSD contracts. The procedures outlined in this guide either clarify and complement or, exceed the requirements of Office of Management and Budget (OMB) Circular A-133.

Auditor's Judgment

Auditors performing the work according to this Supplemental Audit Guide must continue to exercise professional judgment. The auditor shall follow the procedures included in this audit guide unless, in the exercise of his or her professional judgment, the auditor determines that other procedures are more appropriate in particular circumstances. The auditor, however, must justify in writing any change from the audit procedures suggested by this Supplemental Audit Guide. The audit report must contain assurances that a review for compliance with OMB Circulars A-87 and A-122 was conducted.

Selected Items of Cost

Inventory System (All Contracts)

1. The independent auditor or CPA firm must gather evidence to validate the inventory listed as an asset on the balance sheet.

2. The closeout report on CSD contracts requires an inventory listing on all items purchased with CSD contract funds.
3. Inventories listed on the balance sheet and on the CSD closeout reports must be verified that they physically exist, are owned (not leased), and are in operable condition.
4. Inventory listings must be accurately compiled in the inventory accounts. Inventories are to be properly stated at cost (except when the market rate is lower).

Subcontracts (All Contracts)

1. Subcontracts must be arms-length agreements and free of actual or apparent conflicts of interest. Validate and report to CSD. CSD-funded agencies should be aware that contracting with wholly owned subsidiaries might not be considered arms-length agreements. This is especially true where both boards have similar members.
2. Contractors are required to substantiate that all costs expended under subcontracts are allowable and allocable to the particular program pursuant to the same standards as the costs expended directly by the Contractor under the specific CSD contract. Document the Contractor's system of ensuring this level of accountability, and report to CSD.

Weatherization Crew Hours (LIHEAP and DOE Contracts)

Document the methodology the Contractor uses to capture the actual hours each weatherization worker spends on each house, specific work performed and address. If this data is maintained in an automated system, obtain and review system documentation.

1. Verify that the monthly report summaries used to report weatherization crew hours provide accurate information by selecting and testing a representative sample.
2. Trace the monthly closeout report totals for weatherization labor hours to the Contractor's monthly report summaries and reconcile this to the supporting source documents.

Prohibition on Lobbying

The independent auditor shall verify that no CSD contract funds were used to influence or attempt to influence an officer or employee of a state or federal government agency; or a member of Congress or the State Legislature, in connection with the awarding of any contract, grant, loan, or cooperative agreement.

System of Internal Control

Audits must include an examination of the systems of internal control. Internal control systems must be established to ensure compliance with laws and regulations affecting the expenditure of State and/or Federal funds, financial transactions and accounts, and the agency's process for submission of Contractor billings submitted to CSD for the performance of the contract.

The Contractor's accounting system must provide for accumulating and recording of expenditures by cost category (budget line items) shown in the approved budget. The independent auditor or CPA firm must give an opinion on the internal controls of the Contractor being reviewed.

Administrative Cost Cap

CSD contracts have an administrative cost cap. Administrative costs charged to each CSD contract must not exceed this cost. In addition, other Federal funds must not be used to exceed the total administrative cost cap charged to the CSD contract, unless specifically allowed by Federal statute.

Use of Indirect Cost Rates or Other Indirect Cost Methodology

1. A Federally Approved Indirect Cost Allocation Rate may be used for selected items of costs up to the maximum allowed by the CSD contract's administrative cost rate. Costs claimed for a specific line item in the budget cannot be reported as direct costs and also as indirect costs.
2. Validate the indirect cost rate or methodology and the application of the rate used by the Contractor.
3. Ensure compliance with OMB Circulars A-87 and A-122.

Basis for Allocation of Costs

1. The independent auditor or CPA firm must identify the Contractor's basis for allocating costs to CSD contracts. Costs charged to CSD contracts must be allocable, allowable, and based on actual expenses incurred by the Contractor for the CSD contract. Costs charged to the CSD contract must also have an approved contract budget line item.
2. Ensure Compliance with OMB Circulars A-87 and A-122.

Going Concern and Subsequent Events

The independent auditor or CPA firm must provide a "positive assurance" statement that any (significant) subsequent events, related directly or indirectly, that occurred after the final closeout report and single agency-wide audit are submitted to CSD do not materially affect the closeout report, as submitted by the Contractor. Additionally, the independent auditor or CPA firm must provide "positive assurance" whether or not the Contractor will continue as a going concern. Some examples are litigation settlement, bankruptcy, mergers, large loans, cash flow problems, etc.

Representation Letter

A Representation Letter between the independent auditor or CPA firm and the Contractor must be forwarded to CSD. The Representation Letter must be signed by the Contractor's controller (or equivalent) and either the Chair of the Audit Committee if it exists or the Executive Director.

Engagement Letter

Supplemental Statements

Beginning with the 1994 program year, CSD contract provisions have required the financial and compliance audit to include supplemental statements. These supplemental statements must be included as part of the package submitted to CSD with the single agency-wide audit for each fiscal year. CSD uses the above information to reconcile the audited costs to the costs reported by the Contractor.

The supplemental statements should be based on the budget line items contained in the contract. The supplemental statement must include the contract budget line items, expenditures for each budget line item by fiscal year, total audited costs and total reported expenses by budget line item. Please refer to Attachment Nos. 1 and 2 for examples of the format to use for the required supplemental statements.

Auditing Standards and Reports

The financial and compliance audit report shall contain the following supplemental financial information: a combined statement of revenue and expenditures for each contract that presents, by budget line item, revenue and expenditures for the audit period and a description of the methodology used to allocate and claim indirect costs and any administrative cost pools.

Testing of Transactions

A sufficient number of items should be selected for review that represent all material costs categories. The audit should determine whether:

- a. Contractor's internal control over the contract is effective and working as intended;
- b. Reported program expenditures are allowable and allocable;
- c. Reported expenditures conform to funding or program limitations or exclusions;
- d. Reported expenditures are not charged to, or reimbursed by, other programs or funding sources;
- e. Transactions are properly approved, reported, and supported by source documents;
- f. Reported expenditures were incurred within the appropriate contract term; and
- g. Contractor complied with applicable laws, regulations, and contract requirements.
